

April 16, 2018

Future Maritime DevCon Sponsor,

Thank you for your interest in sponsoring our event. Sponsorship is a great way to support the tech community and provides an opportunity for your company to connect with passionate software professionals in the Maritime region. As a non-profit organization, Maritime DevCon depends on the support of industry sponsors in order to provide an engaging and cost-effective event.

The next event is **June 16, 2018** in Fredericton, New Brunswick. We have a limited number of sponsorship slots. They are available on a first come, first served basis so secure your spot right away by emailing sponsor@maritimedevcon.ca. As of the last update to this letter, 3 sponsorships were still available.

Presenting Sponsor 1 total 0 remaining	Track Sponsor 3 total 0 remaining	Event Sponsor 5 total 3 remaining
Cost: \$1800	Cost: \$1200	Cost: \$500
Prominent logo on posters, slides, website, and emails	Logo on posters, slides, website, and emails	Logo on posters, slides, website, and emails
Vendor table in foyer with display space for free-standing vertical banner display		
4 conference passes included	2 conference passes included	1 conference pass included
Unique billing: Maritime DevCon presented by <i>your company</i>	Logo on doors of 1 presentation room	

Maritime DevCon is an all-day developer conference designed to connect, inspire, and educate software development professionals and professionals-to-be. The event includes 15-18 sessions in 3 tracks. In 2017, we had 173 participants. For 2018, we are increasing the number of tickets and predict at least 200 participants representing more than 50 companies.

If sponsoring isn't in the cards this year, your company can still support by the conference by:

- encouraging staff to attend (many companies pay the modest registration fee for their teams)
- promoting the event to staff, clients, partners, and other professional connections
- sharing our social media posts on [Twitter](#) and [Facebook](#)

If you want to sponsor, email sponsor@maritimedevcon.ca to secure your spot before they're gone!

Derek Hatchard
